

Vale of Glamorgan Well-being Assessment Evidence Directory

This directory provides a link to the source of various pieces of data, research and evidence used to inform the Vale of Glamorgan Well-being Assessment. Readers of the assessment may use this directory to access the information from its source where additional detail such as further geographical/ population group breakdowns plus accompanying metadata can be accessed. It should be noted that some links appear in more than one section of the directory. The links within this directory are reviewed regularly and were last updated as accurate in February 2018.
